

Drama & Oral Interpretation

Students have many opportunities to experience drama, either on stage or behind the scenes in the school play, musical, or one-act play. Students often hold key rolls in the annual Schmeckfest community theater production and they also work behind the scenes operating the lighting and sound booths.

Every student experiences drama. Sophomores prepare pieces for the local oral interpretation contest, Freeman Academy students regularly advance to the regional and state competitions in oral interpretation and one-act plays. Students in grades 5-8 prepare pieces for their local oral interpretation showcase while grades 1-4 write and perform readers' theater pieces throughout the year.

Mary Poppins Musical

The Arts

Freeman Academy offers a college preparatory curriculum with a creative arts emphasis. All students are given the opportunity to pursue their God-given talents through the arts.
